SUPERINTENDENT'S MESSAGE

Dear Friends:

This volume represents our first effort to portray the achievements of the Ladonia High School in a year book.

Congratulations are due the sponsor and his very efficient staff for the splendid work they have done in reviewing school life in Ladonia High. Through their untiring efforts, together with the cooperation of the faculty and student body, this volume is made possible.

Seniors of 1947, we extend you our best wishes in the undertakings that lie ahead of you. We have confidence in your willingness and ability to meet your responsibility - whether in the field of business or industry, or in further educational preparation. May you have happiness and success.

Sincerely,

Grady Fowler
